

## Updating tables spare parts catalogue coral 65m

With reference to our circular letter Info - 28 dated 04/12/13, we have noticed some mistakes in the following tables:

Ref. table **M804-10 R00 - pos. 29**

The correct part number of the squeegee assembly is: **V8208020**

Ref. table **M0805-10 R00 - pos. 37**

In the drawing we have corrected the positioning of the actuator (pos. 37), washer (pos. 39) and clip (pos. 40), while in the description we have corrected the part number of the actuator: **46320045**

We have furthermore added the tables of the dosing system: **M0810-30 R00** and **M0810-40 R00**

Please find the modified tables here enclosed together with the new summary and we ask you kindly to replace them as soon as possible.

Thanking you for your kind attention, we remain

with best regards
