Presentations machines and new systems

1

We are very proud of informing you that, this year Adiatek celebrates an important goal of its first ten years of activity, crowned with great success, thanks to the thirty-year experience in the production of industrial floor cleaning machines.

Also, we wanted to give honor to this event by proposing on the market some new models partly with new conceptions: the **baby 43**, the **coral 65II** and the **coral 65m** of which here enclosed we give you some useful information on the major technical characteristics.

baby 43 →

coral 65 II →

coral 65m →
